

Labels & Badging

Labels & Badging

In addition to our core product range of Touchscreen, EL Lamps, Membrane Keypads and Overlay Panels we also offer a range of badging and labelling solutions for your products.

These solutions include but are not limited to:

- Sheet and roll form self adhesive labels
- Embossible Foil serial number decals
- Lensed labels and logo badges
- Reflective decals

Component Printing

Component Printing

Direct Printing

Should your design require printing directly onto your plastic case or metal panel we offer this service also. Even some curved surfaces can be printed.

Metal Backing Panels

We can also source and have powder coated metalwork to your requirement. We can mount your overlays or membranes to the panels ready for you to install.

Product Assembly

We can also undertake the mounting of Visipoint Touchscreens and Visipoint EL to your LCD or facia or the complete assembly of various components to your chassis.
